

Arab Republic of Egypt

Committee: Security Council

Delegation: Mona Karbalaii Amini , Haniyeh Ansari

Egypt would like to thank your majesty Mr. president for managing this meeting and distinguishing delegates of the Council, We also appreciate you because of providing this opportunity to state our opinions for recommending the next Secretary General.

As a founding member of the United Nations, Egypt has played a significant role in maintaining international peace and security among Arab and African countries over the past decades .We seek for: stability and prosperity in Africa ,the Middle East and all over the world and development of friendly relations with the world's people, enhancement of social progress , improvement of living standards and human rights .We also attempt to promote the organization's involvement in conflict prevention and mediation.

As all we know the Secretariat, is one of the main organs of the UN. The Charter describes the Secretary-General as "chief administrative officer" of the Organization, who has the most important role in maintaining peace and security all over the world and Egypt will use all of his abilities and potentials to help the next secretary-general to achieve his or her goals.

In accordance with the problems which we are involved in, and among these honorable candidates; Egypt supports a person who can handle and solve refugee and migrant crises, terrorist attacks, extremism and war crimes all over the world. We also propose a candidate who can establish a nuclear-weapon-free zone in the Middle East and formulate effective instruments of the global disarmament because of sorrowful wars in Syria and Yemen. Besides that, Egypt suggests a

person who can facilitate and expedite the world to achieve sustainable development goals specially economic development, social development and climate change.

As the last subject matter for Egypt, we should pay attention to “Regional Diversity” because Eastern-Europe has never had a secretary general, so it’s better to select a person from this region.

Finally, All we need is someone with high level of political and social experience, political talents, full knowledge about UN system and much important to all is that the Secretary General is voice of the world. The influence and the power of the Secretary General is the power of persuasion which can bring member states together to deal with crises of the world.
